The Michigan Department of Health and Human Services will not exclude from participation in, deny benefits of, or discriminate against any individual or group because of race, sex, religion, age, national origin, color, height, weight, marital status, partisan considerations, or a disability or genetic information that is unrelated to the person's eligibility.

MDHHS-Pub-1541

Huron Lapeer Tuscola County Prevention Program

How Can We Help Your Family?

- Assist with developing parenting structure and routines.
- Link and assist families in navigating community resources.
- Mentor families in home management and organization.
- Aid in seeking out medical/dental services for the family.
- Promote family stability.
- Help address family needs to prevent future involvement with CPS.

What To Expect

- Prevention services are voluntary, and the family must agree to participate with this service
- At least monthly face-to-face contact with the assigned Prevention worker (contact can be more frequent based on family's needs and requests)
- Prevention workers will collaborate at least monthly with other providers working with the family to coordinate and provide support for the family (appropriate releases of information are required)

Referral Process

- The Prevention program is a completely voluntary program to support and build healthy families in the community. The family must be aware of the referral and agree to participate
- Feel free to reach out to your local Prevention Team and ask them to discuss services directly with a potential family prior to referral
- Referrals can be made by community partners and MDHHS staff by submitting a local office Prevention Referral Form to the local Prevention supervisor. If you need a referral form, please contact your local Prevention Team.
