

FAMILY & URGENT CARE

FAQ

WHAT IS GATEWAY:

- *Will see anyone, from anywhere*
- *Focused on providing affordable healthcare to the ALICE (Asset Limited Income Constrained, Employed) and impoverished populations*
- *Those that are unable to afford basic necessities, regardless of employment status, are uninsured or underinsured will never pay more than \$40.00 for an office visit, and are considered "qualified"*
- *To date we have seen over 2,360 patients and with over 5,375 visits*
- *Currently, approximately 80% of patients are our target population*
- *Most of our patients are those that are marginalized elsewhere, have numerous health issues and need extended office visits*
- *The \$40.00 office visit covers all point of care testing, labs, physicals and other needed resources such as food or transportation assistance resources*
- *The \$40.00 office visit also covers any referrals, imaging and other services not offered at our clinic.*
 - *This is done through sending patients through MyMichigan's patient assistance program*
 - *10's of \$1,000 our our patient costs have been forgiven by MyMichigan*

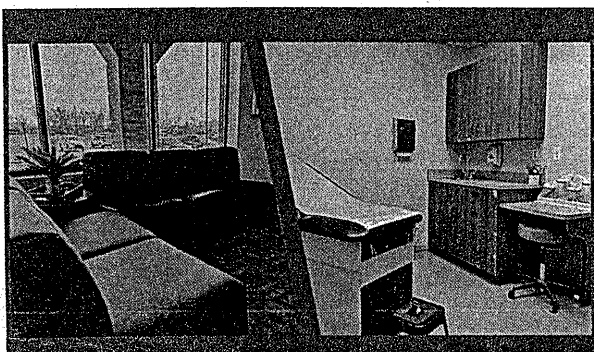

HOW DO WE DO IT?

- *The average cost of an office visit is \$75.00, the patient pays \$40.00*
- *The cost of running the clinic is \$470,00 annually*
- *Some insurance payments cover these costs, the majority is through fundraising and community donations*
